Cherrey Family Trust Fund

The Cherrey Family Trust Fund

The Cherrey Family Trust Fund was established by the Cherrey Family in 2021. Jean and Laverne Cherrey moved with their family to the Town of Beausejour in July 1967 with their seven children, Norman, Kenneth, Donald, Eleanor, Shirley, Allan, and Arlene. Although Jean and Laverne have both passed away, they have left behind seven children, 10 grandchildren, and 17 great-grandchildren. Jean and Laverne were very active community members in various organizations and have instilled that same sense of volunteer involvement within their children. It has been 55 years since the family moved to Beausejour and we felt it was a fitting time to start up a legacy trust fund.

Eligibility

Applications must be for requests of supporting the Town of Beausejour with projects or programs by non-profit groups in the following areas of interest:

1. Sports - hockey, curling, and figure skating
2. Public Spaces - playground and swimming pool
3. Physical Activity - walking trails and parks

Starting in 2023, requests can be made relating to above categories for:

1. The purchase of equipment
2. Sport or player development
3. The funding of infrastructure improvements

Leaving a Family Legacy

Shirley Cherrey joined the Brokenhead River Community Foundation as a volunteer in 2019, as she believed in their core objectives and the great community work they were doing. Shirley approached her family and together they started a trust fund under the "Cherrey" name, to support projects/programs in the local community. Leaving a family legacy was important, so that they could see how their support could help in the local community, as well as help benefit future generations.
